TEACHING FOR MASTERY
SINCE 1998

About the Company

Jason Forde and Dagan Ferrier started Forde-Ferrier in 1998 with the goal of providing high-quality, practical professional development to teachers in Texas. The concept grew out of their own classroom experience in Texas. Using the principles of the researched based instructional methods of Mastery Learning, the two teachers achieved pass rates of 100 percent and mastery rates well over 80 percent on the Texas standardized assessments at an At-Risk campus in south Texas. These incredible levels of success were maintained for over 10 years, at which time Forde and Ferrier began consulting with schools across Texas full-time.

The professional development system created by Forde and Ferrier was designed to provide high-quality training on the meaning of each student expectation listed in the Texas Essential Knowledge and Skills (TEKS), as well as proven instructional strategies for teaching each of these skills. Forde and Ferrier also dedicated themselves to learning how each skill would be assessed on the state assessment tests up through the State of Texas Assessments of Academic Readiness (STAAR®). This knowledge has proven extremely useful in predicting how TEKS skills will be assessed on the state assessments, including STAAR®, and has become an

integral component of their professional development. The purpose of each professional development session is to help teachers ensure that every one of their students achieves mastery of the STAAR® test.

Soon after launching the company and providing several campuses with professional development training, Forde-Ferrier began development of practice test items at the request of teachers who had benefited from their training sessions. Each item developed was designed to successfully emulate items on the actual STAAR® test. In fact, Forde-Ferrier has been so successful at this, many items that appear on STAAR® tests look very similar to items previously developed by Forde-Ferrier. All workbooks produced by Forde-Ferrier are filled with these items.

In addition to professional development and materials, Forde-Ferrier also provides model lessons using their proven strategies and intervention programs which have helped schools increase test scores as much as 50 percent.

By 2009 Forde-Ferrier expanded and became Forde-Ferrier, L.L.C. At this time several teachers joined the company, bringing their own classroom success along. One of these teachers, Hector Rivera, taught alongside Forde and Ferrier for many years, learned teaching strategies from them, used their materials, and achieved the same levels of success. Hector now serves as the Executive Director of Forde-Ferrier, L.L.C.

Reading & Writing Workbooks

Ultimate Mastery Reading & Writing **UPDATED STAAR FORMAT!**

The Ultimate Mastery Reading & Writing workbooks provide several complete reading passages from all STAAR® tested story types, as well as editing and revision writing skill practice. Each reading and writing practice has the “look and feel” of the actual STAAR® Assessment. All the new item types from the 2023 STAAR® Assessment are included.

CSPS Narrative Mastery Reading **UPDATED STAAR FORMAT!**

CSPS Narrative Mastery Reading has been updated to the new 2017 ELAR TEKS! It contains passages that concentrate on our CSPS learning method. It will ensure that your students have a complete understanding of Narrative text so they may master the STAAR® Reading Assessment. All the new item types from the 2023 STAAR® Assessment are included.

Informational Mastery Reading **UPDATED STAAR FORMAT!**

Informational Reading Passages is a workbook on informational texts and will help ensure that your students master Reporting Category 3 of the STAAR® Reading Assessment. This is an invaluable resource for reading and is entirely devoted to expository text!

Poems & Plays **UPDATED STAAR FORMAT!**

Make sure your students are prepared for the STAAR® ELAR Assessment by reinforcing the TEKS covering poems and dramas. Practice includes genre characteristics, structure, theme, plot elements, literary devices, author’s language and so much more. All the new item types from the 2023 STAAR® Assessment are included.

Mastery Reading Paired Passages **ALL NEW!**

The all-new Mastery Reading Paired Passages workbook presents a series of interconnected passages carefully crafted to enhance your students’ reading comprehension skills. From fiction to nonfiction, to poems and plays, each pairing offers a unique opportunity to explore thematic connections and sharpen analytical thinking. Dive into diverse topics and genres, and master the ability to compare, contrast, and draw insights across texts.

Available August 2024!

Science CVP **UPDATED TO NEW TEKS!**

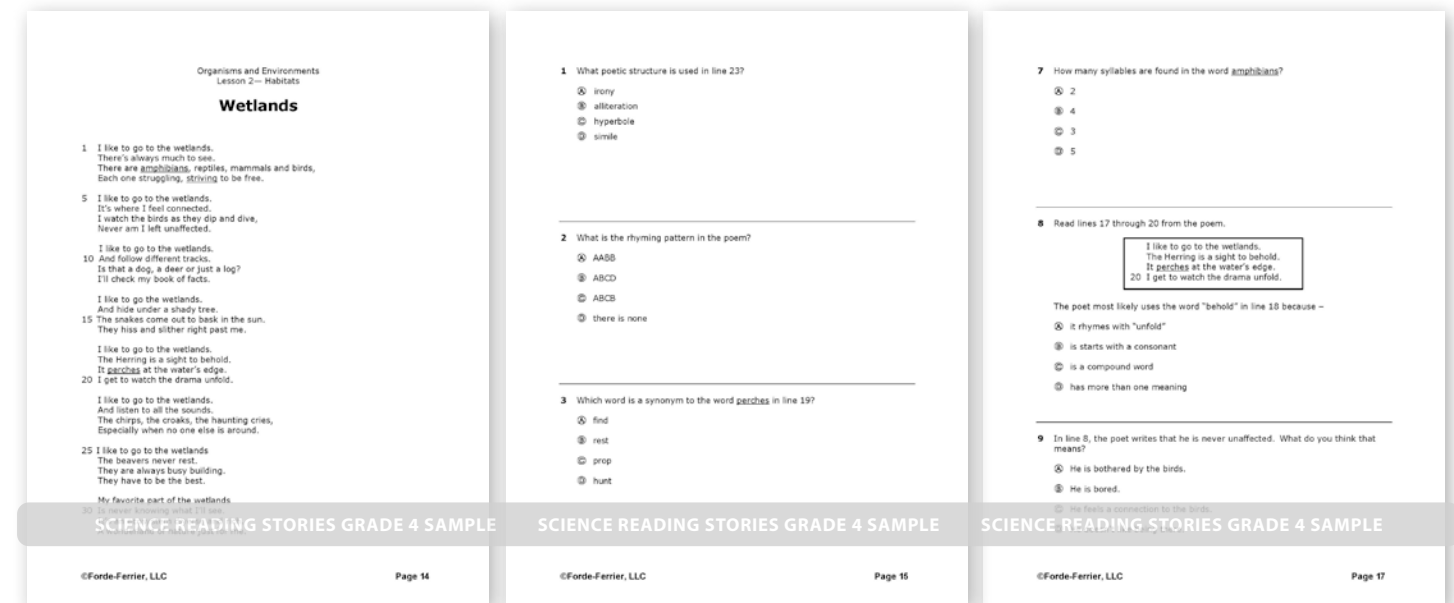

This is the ultimate resource for the STAAR® Science test. This workbook includes supplemental material to prepare students for the STAAR® Science Test. All TEKS skills are covered with mini-lessons focusing on each specific skill. Each skill includes a lesson with an overview, vocabulary, vocabulary practice, concept practice (fill in the blank), and a final test. Test questions incorporate process skills with the content standards to reflect the more rigorous standards of the STAAR® test.

Science Reading Stories

Practice for both the science and reading tests using our Science Stories workbook. The book includes over 20 narrative passages which cover science concepts tested on STAAR®. Great for both science and reading teachers.

Informational Science Passages

Reinforce or Reteach the science TEKS that students must learn for the STAAR®. This book includes over 20 engaging informational passages followed by question stems that students will see on the reading STAAR®. Practice for both assessments at the same time!

COMMON ASSESSMENTS: MATH, READING, SCIENCE & WRITING

We can create modified tests!

Each assessment we create has the rigor and depth of the STAAR® test. We can create assessments based on TEA specifications, district guidelines, or any other parameters. Assessments can be based on sets of skills following your district's timelines, or we can make comprehensive practice STAAR® tests.

All of our tests are written "on demand" and not printed from a pre-generated computer bank. New items are constantly written, reviewed, and updated by content experts. This ensures each assessment we create is based on the latest information about STAAR® and accurately measures mastery of the TEKS. In most cases, results on our comprehensive practice STAAR® tests have mirrored actual STAAR® test results.

PROFESSIONAL DEVELOPMENT

Math, Reading, Writing & Science

Math Training:

Our Math training for grades 3-5 is based completely on the Math TEKS. All Math skills in grades 3-5 will be explained, instructional strategies will be provided for each skill, and the way each skill will be tested on STAAR® will be discussed. Teachers will leave the training with all the tools needed to teach and assess the latest skills.

- Training to explain all Math TEKS in grades 3, 4, and 5
- Instructional strategies for the Math skills
- Coaching on the different ways the skill could be assessed on STAAR®

Science Training:

This session will answer all your instructional questions to help you meet the need of your students in the science classroom. What to teach, how to teach, and when to teach will all be explained. Science concepts will be modeled and specific skills will be covered. How to maximize vocabulary development and integrate content will also be on the agenda. Learn how to get all your students to pass the STAAR® Science Test.

Writing Training: AVAILABLE IN SPANISH

These sessions will focus on the essential writing traits that all students need to include when expressing themselves on paper. Find out how to get your students to make sense, and write like they mean it. Learn how to teach specific grammar, punctuation and capitalization skills, and identify complete sentences.

Reading Training: AVAILABLE IN SPANISH

These sessions will focus on all reading objectives students must master in order to pass the STAAR® Test. Learn how to increase comprehension and fluency among your students, and how to teach specific reading skills, such as main idea, summarizing, sequencing, fact and opinion, and inference. Find out everything necessary for your students to become successful readers and the secret to getting all your students to pass the STAAR® Reading Test.

CONSULTING LET US SHOW YOU HOW TO BE A MASTER!

Consulting:

Our consultants have been to hundreds of campuses working alongside teachers with the goal of reaching the highest levels of academic success. We provide the following services: teacher training, model lessons, academic planning, and student intervention. Our hands-on approach to training has been proven to be one of the most successful ways to improve student academic performance.

Intervention:

Our expert consultants can work with your students at your campus on the skills they need the most. Our record of success is phenomenal! We have worked with small groups of students for just a few days and have seen them all pass their state tests.

Consulting Skills:

- NEW TEKS SKILLS
- WHAT AND HOW TO TEACH
- CRITICAL THINKING SKILLS
- HOW TO MAXIMIZE CONTENT
- COVERS ALL TARGET AREAS
- LEARN THE SECRETS TO GET ALL YOUR STUDENTS TO NOT ONLY PASS THE TEST BUT ACHIEVE THE HIGHEST STANDARDS
